## RELATIVES OF VELADE ARE NOT YET LOCATED

It Is Now Believed That Velade Is Not Suicide's Real Name.

Special to The Tribune.  
OGDEN, Nov. 13.—The relatives of "Shorty Velade," who took his own life in a room at the Palace rooming house, Tuesday morning, have not yet been located. A telegram was sent to Huntington, Ore., Friday afternoon, by the police, requesting the officers of that city to assist in locating one Donald McKinzie, who is said to be a wealthy rancher living near Huntington and believed to be a brother-in-law of the dead man. There is some question about Velade's real name. H. P. Eastley, who worked with Velade as a cook for several years ago, has examined a photograph found in the dead man's room, and is inclined to believe that the name is Quirello, and identifies it as a likeness of Velade's father. From this fact some are inclined to believe that the dead man's real name was Quirello.

## NEGRO IS ACCUSED OF SERIOUS OFFENSE

Special to The Tribune.  
OGDEN, Nov. 13.—Notwithstanding the efforts of the police department to suppress the facts in the case, it became known Friday that William Douglass, a negro bartender, was arrested at midnight, Wednesday, charged with a crime against a seventeen-year-old girl named Hill. The details of the affair as reported are horrible in the extreme. Douglass is employed at the Assembly saloon on Twenty-fifth street, which is a negro dive of not too savory a reputation. He is alleged to have lured the girl while she was under the influence of intoxicants to his room in the Chamberlain rooming house, which is next door to the saloon. The negro was arrested and is being held at the police station until further investigation is made which will determine the nature of the charge which will be made against him. The Hill girl is said to be of respectable parentage.

## OGDEN RAPID TRANSIT TO TRY HEAVY RAILS

Special to The Tribune.  
OGDEN, Nov. 13.—The Ogden Rapid Transit company will in the near future substitute 40-pound steel rails in place of the 30-pound rails now used on the line from this city to Hot Springs. One hundred tons of the new rails are expected to arrive in a few days, and Manager Charles H. Kierkeby is authorized to state that the rails will be laid between the city limits and North Ogden at once. The shipment has already been made by the Colorado Fuel and Iron company of Minneapolis, Colo. The increase of business on the Hot Springs line, the Rapid Transit company, and the heavy shipment of fruit and other freight from North Ogden, makes the change to heavier rails imperative.

Special to The Tribune.

## NEWS OF GREEN RIVER

Special to The Tribune.

GREEN RIVER, Nov. 13.—F. A. Carlson of Fort Collins was in the valley Monday looking for investments. He arrived from Portland Monday and is the guests of Mr. and Mrs. W. W. Jones of Elgin. The members of the W. C. T. U. met with Mrs. A. D. Lewis Tuesday afternoon. Dr. Middleton is slowly recovering from a severe illness.

Mrs. J. P. Schlosser left last Tuesday for a visit to Gibson City, Ill., taking her two sons, Richard and Carl, with her. An election was held Saturday to vote for 42,000 bonded bonds. The vote stood 33 to 35 against issuing them at present. The reason given by the winning side was that the purchase of additional bonds would be exorbitant, running at the rate of \$4000 per acre. The sentiment of the valley is to build on the new townsite and sell the present location.

The new depot will be finished in about a week and will be ready for occupancy by the 15th.

The cement block factory is in operation again, making about 40,000 bricks a day.

Wednesday night at 11 o'clock Mr. and Mrs. Charles Turner were awakened by the smell of smoke and fire, and found that their house was ablaze. The fire had just time enough to grab the baby under one arm and the sewing machine under the other. The fire spread to the home of Town Marshal Rogers, who was destroying the house, although he rescued part of the furniture. Nothing but the prompt action of the neighbors saved the adjacent houses, and although they formed a bucket brigade, the fire was under headway before the above houses could be saved. Mr. Turner estimates his loss at about \$1000. The house occupied by Town Marshal Rogers was owned by D. Boyd, and the loss is about \$1200. Mr. Rogers' loss is estimated at about \$250 in furniture. The fire is supposed to have started by a live coal falling out of the bottom of a hot blast stove. So far as can be learned, there was no insurance on either of the houses.

## FOREST RESERVE POLICY OF GOVERNMENT ROASTED

Special to The Tribune.

BOISE, Ida., Nov. 13.—At a meeting of the Idaho Wool Growers' association, which closed here late last night, the forest reserve policy of the government was more severely condemned than it ever had been by the association in the past, notwithstanding its well known opposition to the policy on other occasions. This latest action on the part of the association was brought about by a notice sent out by Chief Forester Pinchot to the effect that a cut of 20 per cent in the number of sheep to be allowed upon the federal range is to be made. The association has adopted the policy of opposing the storage plan promulgated by the National Wool Growers' association.

He was 36 years of age and had lived in this city for a number of years. He is survived by his wife, who was formerly Mrs. Isabel Stevens, of this city, and two children. Deceased had three brothers and two sisters living in Butte, Mont., and one brother living in Idaho. Funeral arrangements have not yet been completed.

In Judge Waters' court there has been something doing for the last several days. The past days are responsible for numerous cases of drunkenness, as well as several fights which have taken place on the streets. Harry Stevens and Jack Tippett were tried yesterday on a charge of disturbing the peace. Several witnesses were examined by Attorney Wright, and at the conclusion of the trial Tippett was fined \$15, with a warning as to his future conduct. This being Stevens' second offense, he was fined \$50 and warned that the result would be if he appeared before Judge Waters again. The two men, Welsh and McNulty, who had been assaulted by Stevens and Tippett, were discharged.

John Curtin was arrested on a complaint sworn to by Frank Rickerby, on a charge of disturbing the peace. Curtin not only disturbed the peace, but lay on the street and used vile language to the passers-by. He was found by an officer. This being his first offense, he was fined \$10 and given a severe lecture. Tom Barrett will be the guest of the city for several days for being found drunk.

## American Fork News.

Special to The Tribune.

AMERICAN FORK, Nov. 13.—Miss Katie Chadwick, twelve-year-old daughter of Mr. William Chadwick, suffered the loss of her speech on Wednesday evening, and all attempts since to restore her power of speech have been of no avail. The little girl was left at home Wednesday evening and had occasion to open the door, and the fright which she received upon seeing two men near the door so scared her that she lost entirely the power to speak, and her right hand was so paralyzed that it was cramped against her face. This morning at an early hour the doctor was enabled to restore to use and proper place the hand which was paralyzed. Little hope is entertained for the recovery of her speech.

The American Fork high school football team will leave here Saturday morning for Sandy, where it will play the high school team of that city during the afternoon.

The event was under the direction of Prof. Henry Soules, principal of the high school, in which he had the able assistance of N. O. Christy, president of the N. O. body. ## LEHI NEWS NOTES

Special to The Tribune.

LEHI, Nov. 13.—A serious accident befell Mrs. Ruben Worlton, Mrs. Minnie Larson and Miss Margaret Cavanaugh yesterday, by reason of their being thrown out of a wagon. Mrs. Worlton sustaining a broken collar bone, Miss Larson a broken rib, and Miss Cavanaugh some severe bruises. It appears that the young ladies were returning from the state experiment station with Anton Hanson, an employee on the farm, and the latter, as was his usual custom, removed the brides from the horses while they got a drink at the watering trough. The horses became frightened and ran away, with the above results.

Joseph Anderson commenced today to secure contracts from the citizens to take water from the waterworks which the city will install at an early date.

Quite a number of the farmers have been notified by the sugar company to plow 10 per cent of their beets. The farmers generally are complaining, and the order is causing much dissatisfaction among the beet growers, as it necessitates handling the beets four times instead of two. The contracts for several years have contained the clause that the company will put a portion of the beets, but the sugar company has never before enforced this clause. Officials of the company give the cause of the change to be that the beets are so slow in maturing that it is unsafe to put them in big ricks at the factory, to have the beets warm places in warm sheds or in large piles have a tendency to ferment and decay.

The public schools have been so crowded that the trustees have hired two extra teachers and two more rooms downtown, where a section of the seventh and eighth grades will be taught. It is but three years since Lehi built an eight-room primary building at a cost of \$28,000, and from present indications steps will soon also be taken for the erection of a high school building to accommodate the demand.

Kirkham Bros. have purchased the Standard Knitting company's plant here and have by installing new machinery made it one of the most up-to-date plants in the west. The same people, who also publish the Lehi Banner, have built an addition to the knitting factory in which be housed their printing plant, which consists of three large presses, each operated by a separate motor, together with an up-to-date line of type for all purposes.

The Fourth ward has appointed Bishop Stoker, G. L. Comer, James Peterson, John Gilchrist, Eliza Peck, Jr., and John J. O. Pack, county clerk, J. M. Hickson, county sheriff, J. L. Carruth, county attorney, Peter Clark, county assessor, George W. Yone, county treasurer, Frank Pingree.
